

Tips for your KidsTown Shopping Experience

- Wear comfortable clothes and shoes.
- Bring a clothes basket, (with a belt tied to it to pull it with) or a large shopping bag to place things in while you shop. It is so much easier to look through the racks when you are not holding an armful of clothing. (Sorry, No strollers or wagons allowed at our Tuesday and Wednesday night Presales)
- Make a list your child's measurements, sizes and items you need before you come so you will not forget while doing your shopping.
- To get the best fit on shoes, draw your child's footprint on a piece of poster board and cut it out. You will then be able to see if the fit is right while looking at shoes.
- If purchasing a large item please see a KidsTown Volunteer and they will be happy to place your name on the item and they will give you a claim ticket for purchasing the item. (Please make sure you wish to purchase the item before the tag is pulled. It is unfair to others interested in the item if a tag is pulled and after an hour or so the shopper decides Not to purchase the item.)
- There are many unisex items, so please check both boys and girls clothing in your size.
- Be sure and check racks with clothing that is the size below as well as the size above your child's normal size. Some clothing runs small while others may run very large. You might find something that fits in these other sizes.
- Please inspect each item you are purchasing carefully. We do our very best to screen items but we are only human. Remember All Sales Are Final.
- Please remember ONLY ONE person per Presale Pass Allowed during our Consignor and Volunteer Presales.
- We are sorry but due to the large crowd and safety issues, Children under 12 are NOT allowed at our Tuesday and Wednesday night Presales.
- We will accept Cash, Visa, MasterCard, Discover (with picture ID) or Debit Cards.
- For your convenience, KidsTown will have baskets to rent for \$1 (while supplies last).
